Electric Kebab Knife JET 120 Hercules

The JET 120 Herkules Kebab knife is characterized by outstanding quality, versatility, and durability. The powerful 90-watt motor is designed to effortlessly process up to 150 kg of meat per day, making it ideal for continuous use – even in 24/7 operation.

A special highlight of this device are the two integrated switches. (Rocker Switches & Push Switches) They enable significantly improved operation, increase safety, and provide more convenient control during the cutting process. This double switch design offers clear advantages over conventional devices.

The ergonomic handle is very handy, comfortable to hold and enables precise, fatigue-free work – even during long periods of use. The device is ideal for Kebab snack bars, Restaurants, Commercial Kitchens and other Professional Catering establishments.

Precise cutting quality

The cutting thickness can be infinitely adjusted from 0 - 10 mm.

Thanks to this flexibility, you save time during preparation and can help your guests always serve evenly sliced meat.

The cutting width varies between 10 - 40 mm and depends on the selected cutting thickness.

Technical
